

John Godts

Honorary Board Member

Jean-Francois (John) Godts. John is Liisa's husband and is vital to the Echoes of the Forest project. He has served as its top supporter and has aided in bringing the ideas to life. He knows the right questions to ask and asks questions no one else wants to, ensuring the project stays true to its mission. In addition, he's a successful entrepreneur and not afraid to roll up his sleeves when duty calls.

Liisa and John were married under an oak tree in their backyard, so trees hold a special place in their hearts.
